Dear Residents,

I am truly pleased to share this message as we begin an exciting new chapter together with the formation of the Jurong-Clementi-Bukit Batok Town Council. This new chapter unites our neighbours from Jurong East-Bukit Batok GRC and Jurong Central SMC. These changes reflect our shared growth and the evolving vibrancy of our home.

While our boundaries have shifted, our steadfast commitment to you, much of our dedicated team, and our core values remain strong. To our new residents in Hong Kah North, we extend our warmest welcome and look forward to partnering with you to build an even better community.

We thank Mr Shawn Huang and Dr Tan Wu Meng for their invaluable service in shaping our town's foundation, and warmly welcome Mr Lee Hong Chuang and Mr David Hoe, who bring fresh perspectives and shared passion to our community's future.

To mark this new beginning and unify our shared identity, we are excited to unveil our new Town Council logo and a new town map, both available in this newsletter and on our website.

Our path forward is anchored in your needs. We are committed to upholding high standards of cleanliness, safety, and maintenance across all our neighbourhoods, and will continue fostering a healthier town through active living, mental well-being, and accessible, thoughtfully designed spaces. Strengthening our community's connections is also key, as we link residents seamlessly to amenities and one another. Our dedication to a sustainable future continues as we expand green spaces and introduce eco-friendly solutions for climate resilience.

To boost our service to you, we are strengthening our digital services and feedback channels for seamless resident engagement. Our online bulky items disposal service will be enhanced this November to offer instant confirmation for your bookings. This is just one example of our ongoing efforts to streamline processes and provide more responsive service to our valued residents.

While our Town Council has a new name, our core mission — serving you, our residents — remains unwavering. We will continue to ensure every estate is well-maintained, your voices are heard, and every resident has a meaningful role in shaping our collective future. We deeply value your trust and partnership. It is together, with your continued support and collaboration, that we will build an even more resilient, connected, and sustainable community we can all be proud to call home.

Happy National Day to all! Please enjoy reading the first Jurong-Clementi-Bukit Batok Town Council newsletter.

Penduduk yang dihormati,

Saya sungguh berbesar hati untuk berkongsi mesej ini sedang kita memulakan lembaran baru yang menarik sempena pembentukan Majlis Bandaran Jurong-Clementi-Bukit Batok. Bab baru ini menyatukan jiran kami dari Kawasan Undi Perwakilan Berkumpulan (GRC) Jurong East-Bukit Batok dan Kawasan Undi Perseorangan (SMC) Jurong Central. Perubahan ini mencerminkan pertumbuhan bersama kami dan kerancangan tempat tinggal kami yang terus berkembang.

Walaupun sempadan kita telah beralih, komitmen teguh kami kepada anda serta sebahagian besar pasukan dedikasi dan nilai teras kami tetap kukuh. Kepada penduduk baharu kita di Hong Kah North, kami mengalu-alukan kehadiran anda dan berharap dapat bekerjasama dengan anda untuk membina masyarakat yang lebih baik.

Kami berterima kasih kepada Encik Shawn Huang dan Dr Tan Wu Meng atas khidmat mereka yang amat bernilai dalam membentuk asas bandar kami, dan mengalu-alukan Encik Lee Hong Chuang dan Encik David Hoe, yang membawa perspektif segar dan berkongsi semangat yang sama untuk masa depan masyarakat kita.

Bagi menandakan permulaan baharu ini dan menyatukan identiti bersama kita, kami teruja untuk melancarkan logo Majlis Bandaran baharu kami dan peta bandar baharu – kedua-duanya terdapat dalam surat berita ini dan di laman web kami.

Laluan kami ke hadapan adalah bersahai pada keperluan anda. Kami beriltizam untuk mengekalkan taraf kebersihan, keselamatan dan penyelenggaraan yang tinggi di semua kawasan kejiranan kami, dan akan terus memupuk bandar yang lebih sihat melalui gaya hidup yang aktif, kesejahteraan mental dan ruang yang boleh diakses dan direka dengan teliti. Mengukuhkan hubungan dalam masyarakat kita adalah utama, dengan menghubungkan penduduk secara lancar kepada kemudahan dan satu sama lain.

Dedikasi kami untuk masa depan yang mampan berterusan apabila kami memperluaskan ruang hijau dan memperkenalkan penyelesaian mesra alam untuk daya tahan iklim.

Untuk meningkatkan perkhidmatan kami kepada anda, kami sedang mengukuhkan perkhidmatan digital dan saluran maklum balas kami untuk memcapi penglibatan penduduk yang lancar. Perkhidmatan membuang barang besar dalam talian kami akan dipertingkatkan pada bulan November ini untuk menawarkan pengesahan segera bagi tempahan anda. Ini hanyalah satu contoh usaha berterusan kami untuk memperkemaskan proses dan menyediakan perkhidmatan yang lebih responsif kepada para penduduk kami yang dihargai.

Walaupun Majlis Bandaran kita mempunyai nama baharu, misi teras kami — berbakti kepada anda, penduduk kami — tetap teguh. Kami akan terus memastikan setiap estet diselenggara dengan baik, suara anda didengari, dan setiap penduduk memainkan peranan yang bermakna dalam membentuk masa depan bersama kita. Kami amat menghargai kepercayaan dan kerjasama anda. Bersama-sama, dengan sokongan dan

kerjasama berterusan daripada anda, kita akan membina masyarakat yang lebih berdaya tahan, bersatu padu dan mampan yang boleh kita banggakan untuk dipanggil tempat tinggal.

Selamat Hari Kebangsaan kepada semua! Sila nikmati surat berita Majlis Bandaran Jurong-Clementi-Bukit Batok yang pertama ini.

## CLEMENTI

# A NEW LOGO INSPIRED BY THE COMMUNITY

With the new formation of the newly constituted Town Council, we are embarking on a fresh new chapter — and what better way to mark this new beginning than with a brand-new logo that reflects our shared identity and aspirations. To involve the community in this milestone, we invited residents to participate in a logo competition — and an overwhelming 219 entries were received.

After careful deliberation, the winning design was selected: a thoughtful, symbolic logo by Joshua Phang, which encapsulates the values and spirit of our Town Council.

Reflecting on what drew him to participate, Joshua shared,

**“ I really appreciated the Town Council’s effort to engage the community. Designing a logo for the Town Council felt like a great way to connect with the place I’ve called home, and to contribute something creatively. ”**

Though Joshua is not formally trained in design, he viewed the contest as an opportunity to express his connection to the community. He drew on his memories and experience of Jurong to create a visual symbol that would resonate with fellow residents.

Joshua is a lifelong resident of Jurong and has seen the town grow and evolve firsthand “At different life stages, I’ve spent time in different parts of the neighbourhood, each with its own character and memories,” he recalled. “That journey of rediscovering the towns definitely shaped how I approached the design and what I wanted it to reflect.

Indeed, over the years, Jurong, Clementi, and Bukit Batok have undergone remarkable development. They have transformed from quiet residential estates into vibrant, thriving communities. This progress has brought new opportunities, amenities, and connections for residents, while still preserving the unique identity and close-knit spirit that define each town. Joshua wanted his design to celebrate both this evolution and the enduring sense of belonging shared by the community.

“Knowing that I’ve added to our community’s story, even just a small part, is something I’ll always be proud to share with my child,” Joshua shared. It is something that could help them feel more connected to the place they call home.

To fellow residents, Joshua also offered an encouraging message, “This experience reminded me that with the right heart and effort, anyone can contribute”.

We thank all residents who submitted their creative ideas. Your contributions reflect the vibrance, pride, and diversity of our community, values that are central to our new identity. Together, we continue to build a place where everyone feels connected, valued, and proud to call home.

## CORE CONCEPT: UNITY IN DIVERSITY, PROGRESS IN COMMUNITY

The logo embodies the spirit of three towns — Jurong, Clementi, and Bukit Batok — coming together under one Town Council. It highlights themes of diversity, collaboration, and forward momentum, reflecting a community that thrives on inclusion and shared progress.

### DESIGN ELEMENTS:

Three interlocking leaves represent the distinct identities of Jurong, Clementi and Bukit Batok. While each leaf is slightly different in colour, their harmonious connection nevertheless signifies unity in diversity.

The sun element symbolises optimism, growth, and continual renewal, representing the community's positive outlook and ongoing development.

# Jurong-Clementi- Bukit Batok Town Council

### COLOUR PALETTE

The colour palette reinforces the core values of the Town Council:

Represents sustainability, greenery, and environmental commitment

Symbolises trust, reliability, and calm — a foundation for strong governance

Conveys vibrance, warmth, and community energy

### TYPOGRAPHY

A clean, modern sans-serif typeface is used to convey approachability, clarity, and a forward-thinking mindset, making the brand accessible to all residents.

# CELEBRATING

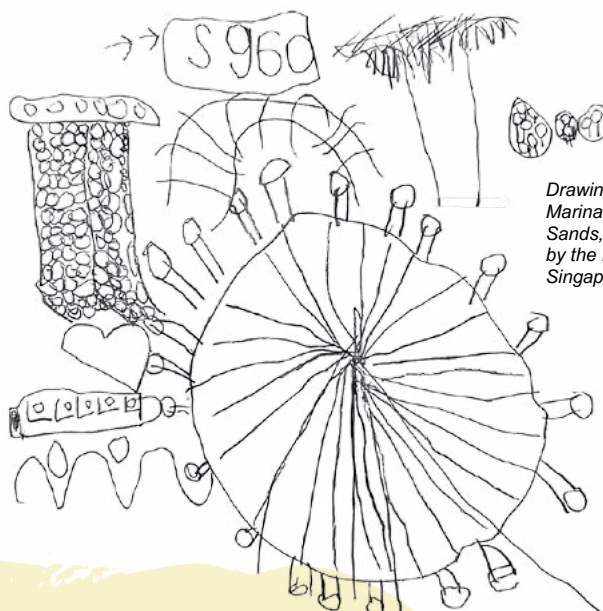

# SG 60

## THIS NATIONAL DAY, WE INVITED SOME OF OUR RESIDENTS TO SHARE WHAT SG60 MEANS TO THEM.

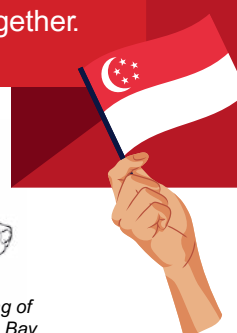

Here are some of their heartfelt reflections, expressing our shared hopes, dreams, and gratitude as we celebrate Singapore's 60th birthday together.

Liam Wong Shao Quan

Drawing of Marina Bay Sands, Gardens by the Bay, and Singapore Flyer

Xavier Tan Jun Yi

SG60 marks 60 years of nationhood, celebrating our freedom to express ourselves as Singaporeans and reflecting on how far we've come as a united and forward-looking country.

SG60 is a very special year for me. This year marks my 50th wedding anniversary. My family and I have learned a lot over the years, working hard to build a stable home for our four sons.

We lived in an HDB flat together with my parents and our sons — eight of us under one roof. I worked as a machinist for 42 years, while my husband was a driver.

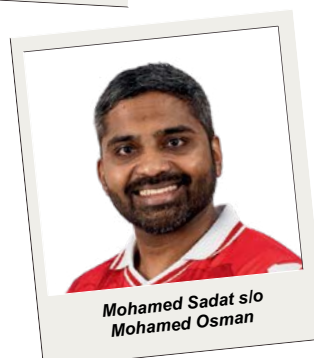

As of 2025, we are all retired, and we have leased back our HDB unit.

Now, at SG60, we feel a great sense of accomplishment. We have a happy life, and our family has grown to include 12 wonderful grandchildren.

I believe in staying positive, even during tough times. Always be strong, work hard, and never forget to be honest and truthful. 🌸🌸

Saharidah binti Suradi

Mohamed Sadat s/o

SG60 stands as a testament to Singapore's remarkable progress. It celebrates resilience, innovation, and unity — honouring past sacrifices while boldly igniting future ambitions and boundless aspirations. As a Singaporean, SG60 resonates deeply, reminding me to cherish our heritage even as we venture into uncharted horizons.

### Unity in Diversity

Singapore thrives on multicultural harmony, where daily activities like group exercises and cultural workshops reflect a strong sense of unity across diverse communities.

### Innovation and Progress

Rapid advancements in IT and strong government support in education, workforce, and the economy drive Singapore's continued growth and global competitiveness.

Singapore is  
**HOME** to me.

As a community, we must be like a building — constructed on a strong foundation with a variety of ingredients and methods to ensure solid ground.

We need our people to remain skilled, adaptable, and resilient for the next 60 years and beyond, able to connect with diverse individuals and navigate different situations to keep our country strong, united, and moving forward.

We have proven our ability to rise over the past 60 years, and together, we can certainly continue to climb even higher.

Nurwati Binte Abdul Razak

To me, SG60 is a meaningful moment to reflect with pride on how far Singapore has come — from humble beginnings to the safe, stable, and thriving nation we call home today.

Everyone has a role to play in building Singapore's future. As we celebrate this milestone, I'm grateful for the efforts of the generations before me, and I look forward to doing my part.

See Pei Yin

SG60 reminds me of how far we've come as a nation — from our kampung roots to where we stand today. 60 years, countless memories, one united home.

It's also a time to reflect on what kind of Singapore we want to build for the next 60 years and beyond.

Though we may be a small island, we have big dreams. Proud to call this little red dot our home — a home sweet home.

Vasuki Aashna d/o Viknes

SG60 is a milestone that symbolises how far we've come — from a small island to a global financial and technological hub. It's a time for celebration and reflection on what the next 60 years will bring.

It's also an opportunity to honour our Pioneer and Merdeka generations, who shaped and built modern Singapore.

I am truly blessed to have been born in Singapore. Wishing our country a Happy 60th Birthday!

Charmaine Ho Ruo Jia

Alice Ooi Teng Chin

This SG60 celebration is more than just a birthday party — it's a whole year to remember how far we've come. I was born in 2015, and I'm really thankful to live in a country that is safe, clean, and gives me a good education.

Together with my family, we wish Singapore a very happy birthday! Let's salute the heroes who made sacrifices to build our nation and thank them for what we have today.

We may be a small dot on the map, but it's a big celebration in our hearts. Let our Singapore pride soar high as red and white fill the sky!

# CREATING SAFER, SENIOR-FRIENDLY FITNESS CORNERS IN THE COMMUNITY

Physiotherapists guiding residents on using the fitness equipment

As part of our efforts to bring health into the community, Jurong-Clementi-Bukit Batok Town Council (JRBBTC) signed a collaboration agreement with Ng Teng Fong General Hospital (NTFGH) and Jurong Community Hospital (JCH) on 5 April 2025, during the Town Council's 5-Year Master Plan Showcase and Carnival.

This five-year collaboration focuses on integrating health education, preventive care, and wellness initiatives into shared community spaces. It will start with the upcoming fitness corners in JRBBTC-managed estates to better support frailty prevention.

Physiotherapists from NTFGH and JCH will lend their clinical expertise to ensure that fitness corner equipment across JRBBTC estates is suitable for seniors with varying levels of mobility. Their recommendations will prioritise safety, accessibility, and functionality, making exercise more inclusive and age-appropriate.

To further help residents use these spaces confidently and safely, tailored exercise routines, instructional signage, and easy-to-understand educational materials will also be developed. These tools aim to guide users in building healthy habits at their own pace, while reducing the fear of injury or misuse.

Signing of collaboration agreement between Mr Xie Yao Quan, Chairman for Jurong-Clementi-Bukit Batok Town Council, and Associate Professor Dan Yock Young, Chief Executive Officer, Ng Teng Fong General Hospital & Jurong Community Hospital — witnessed by: Ms Grace Fu, MP for Jurong East-Bukit Batok GRC (Yuhua), and Ms Ng Bee Ling, Chief Operating Officer, Ng Teng Fong General Hospital & Jurong Community Hospital

Through close cooperation between healthcare professionals and the Town Council, the initiative will empower the community — particularly older adults — to take charge of their physical well-being through safe, self-directed exercise in familiar neighbourhood settings.

The partnership aspires to support seniors in maintaining their strength and mobility, reduce the risks of falls and hospitalisation, and promote a culture of active ageing in the heartlands.

Together, we are reimagining public spaces not just as places to gather, but as springboards for better health — one step, stretch, and squat at a time.

# A GLIMPSE OF UPCOMING FITNESS PROJECTS

Work is currently underway to construct and upgrade fitness corners across Jurong-Clementi-Bukit Batok Town Council (JRBBTC) estates. In shaping these enhancements, physiotherapists from Ng Teng Fong General Hospital (NTFGH) and Jurong Community Hospital (JCH) provided expert insights to ensure that the spaces are safe, accessible, and senior-friendly.

Take a glimpse at some of our upcoming fitness projects, alongside expert recommendations designed to promote balance, strength, and cardiovascular fitness for all ages.

## Construction of Fitness Corners at the Void Deck of Blk 291E Bukit Batok St 24 and Blk 290D Bukit Batok East Ave 3

### PHYSIOTHERAPISTS' REVIEW

#### Strengths

- Good wheelchair-accessible equipment
- Balance-oriented station that meets the needs of elderly residents
- App connectivity with exercise instructions accessible via QR code

#### Limitations

- The Tai Chi Wheels and Big Wheels offer similar benefits, with little added value from having both
- The arm cycle is not currently labelled as wheelchair-accessible, and its height may be too tall for elderly wheelchair users
- Strengthening machines were also missing from the original proposal — a key component for seniors

#### Recommendation

- Lower the height of the arm cycle to improve wheelchair accessibility
- Replace the Tai Chi Wheels with a hydraulic resistance training machine (e.g. Chest Press, Leg Press, Seated Tricep Press, or Lat pull-down) to introduce strength training options

*This proposed change will allow wheelchair users to access arm cycle for cardio training and JRBBTC to maximise number of fitness domains public users are able to work on by avoiding machines with duplicate benefits.*

## Upgrading of Children Playground and Multi-Generation Fitness Corner at Blk 336 Clementi Ave 2

### PHYSIOTHERAPISTS' REVIEW

#### Strengths

Complete and holistic recommendation with a good mix of core, upper body, and lower body exercise options

#### Recommendation

Consider replacing the Tai Chi Wheels (a low yielding exercise) with a Power Paddle or cross-trainer to provide a cardio training option

*This proposed change will allow JRBBTC to ensure selected equipment offer higher yield and benefits to public users and a more holistic set up for as many fitness domains as possible.*

## Other upcoming fitness corner projects that are commencing in 2025 in collaboration with NTFGH and JCH:

### BUKIT BATOK

- Upgrading of Existing Fitness Corner at Blk 450C Bukit Batok West Avenue 6
- Upgrading of Multi-Generation Fitness Corner and Playground at Blk 620 / 621 Bukit Batok Central

### BUKIT BATOK EAST

- Upgrading of Multi-Generation Fitness Corner and Playground at Blk 208 Bukit Batok St 21
- Upgrading of Fitness Corner at Blk 240 Bukit Batok East Ave 5
- Upgrading of Fitness Corners at the Void Deck of Blk 259 and 264 Bukit Batok East Ave 5
- Upgrading of Adult Fitness Corner Equipment at Blk 289B Bukit Batok St 25

# OUR SHARED SPACE, OUR SHARED RESPONSIBILITY

In the hustle of everyday life, it is easy to overlook the shared spaces around us. Yet, they play crucial roles in our community's safety and accessibility. It is our collective responsibility to keep them clear and well-maintained for all.

## Hidden Dangers in Plain Sight:

Blocked corridors can hamper emergency evacuations during fires or medical crises

Obstructions hinder movement, especially for individuals using wheelchair, or parents with prams

Items can topple or cause trips, posing particular danger to young children and the elderly

Clutter can attract pests or become breeding spots

Derelict bicycles reduce the availability of bicycle racks

Abandoned bicycles at common areas such as void deck can topple over, block movement, and cause accidents

## How You Can Help:

Keep common areas clear of personal belongings

Donate, recycle, or properly dispose of items you no longer use

Rehome or properly dispose of unused bicycles

Use bicycle racks responsibly and park only in-use bicycles

Arrange for bulky item removal services when clearing large household items

Use the OneService app to report cluttered or obstructed areas

Every small effort contributes to building a better community for all. Let us work together to keep our neighbourhood a better home for all.

# SHAPING OUR TOWN TOGETHER

**A THROWBACK TO OUR MASTER PLAN  
LAUNCH AND ROVING ROADSHOWS**

On 5 April 2025, our Five-Year Master Plan was unveiled at Canopy @ J-Link for residents of Jurong, Clementi, and Bukit Batok.

Over two weekends, the exhibition boards toured the divisions, showcasing upcoming upgrades and initiatives — from dementia-friendly features and enhanced amenities to new health partnerships and sustainability efforts.

MPs, grassroots leaders, and residents came together to experience the vibrancy of the event and learn how the planned estate enhancements will enrich daily living. It was a lively celebration of community spirit and shared progress.

“

The sheltered linkways are very important to me. I don't have to juggle carrying my umbrella while carrying groceries home.

**- Lim Cheo Tee, Bukit Batok**

The upgraded fitness corner is a great place to stay active. I often see people exercising there, morning and night.

**- Nancy Tan, Yuhua**

”

“

The new playground has greatly benefited us and other residents by creating a welcoming space for families to gather and children to enjoy active play. As I have a kid who plays there regularly, it also encourages community interaction, boosts children's physical and social development, and enhances the overall quality of life in our neighbourhood.

**- Beny Ke, Clementi**

”

I've seen more recycling bins around town. They're placed very conveniently, which makes it easier to recycle instead of just throwing things away.

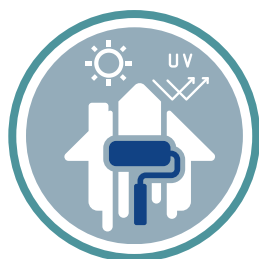

**- Aloysious Ho,  
Jurong Central**

“

I'm looking forward to the heat-reflective paint initiative being completed. It's been getting very warm, and I hope to feel its effects, especially for my grandparents, who stay within town most of the time.

**- Grace Y,  
Bukit Batok East**
